1. INTRODUCTION

- 1.1 Computer Literacy is key basic skill required employees at almost all levels in the department of Poonawalla Group Company, every employee is expected to have certain amount of skill and knowledge in the use of Personal Computer or Laptop to develop information literacy skills.
- 1.2 Poonawalla Group Company, as an employer, is responsible for and it's committed to providing every employee with an IT Assets for the performance of their duties, execution of managerial duties, communication purpose within or outside organization and for effective service delivery. IT department therefore provide the EUC asset on requisition through normal process.

2. PURPOSE

The purpose of this procedure is thus to provide guidelines in the provision and allocation of EUC Assets & Peripherals for use by an employee as a work facility.

3. ALLOCATION OF EUC ASSETS & PERIPHERALS TO END USERS

Procedure for allocation of Assets Such as Laptop or Desktop or BTPs or any other Peripherals is as follows.

- End User or His Manager or HR in case of New Joiner must raise a Service request in Poonawalla Service Desk (PSD) Tool
- Request must be approved as per the Workflow defined inside PSD.
- The request shall then be evaluated, approved, kept on hold, or disapproved due to any reason like Lack of stock or not eligible for such assets.
- If approved, then IT department will allocate the asset post necessary configuration and control as per infosec guidelines.
- Asset will then be handed over to End Users in Employee's Posting Locations only. Deviation in allocation of IT Asset other than posting location will require recommendation from Head of HR / Chief of Staff and Approval from CTO.

4. **REPAIR OF ASSETS**

4.1 Broken or Damaged or non-working assets should be reported to IT department. Service Provider will be engaged to fix up assets if the same cannot be fixed up by internal team.

5. **CUSTODIAN, USAGE AND SECURITY**

5.1 Assets allocated to End Users remain the property of the organization and not the employees. Employees are responsible for such Assets until he / she resigns, transferred to another group company where it should be returned to IT Asset Management Team.

5.2 Asset Allocated to the Outsourced employee will be issued in the name of the Manager of Employee who is on-roll of the organization. The manager is accountable and responsible for the assets with equivalent condition as asset allocated to him.

5.3 Asset Allocated on a shared basis will be issued in the name of Manager of Employee who is on roll of the organization. The manager is accountable and responsible for the assets with equivalent condition as asset allocated to him.

5.4 Asset Allocated on specific demand or temporary period or on deviation basis will be issued in the name of Requestor or the name recommended by Head of Department. The manager is accountable and responsible for the assets with equivalent condition as asset allocated to him.

5.5 Employee who have been allocated mobile device like Laptop and BTPs must take the utmost care in preventing theft, Damage, or loss of Assets.

5.6 Any loss of Assets due to **End User Negligence**, employee shall be responsible for replacement of the Assets or deposit of procurement cost of assets. In case employees don't surrender their Assets during final leaving of the organization (LWD) or Absconded with the company assets, an amount equivalent to purchase cost of the asset will be deducted from his / her FFS.

5.6.1 If the loss of Assets is within 12 months from the date of procurement of assets, then the value shall be equal to the procurement cost of the assets.

5.6.2 If the loss is after 12 months of procurement of Assets and before the end of lifecycle of assets then, WDV value shall be considered, or min value as mentioned in IT Asset Management procedure.

NB: Any deviation from 5.6.1 and 5.6.2, has to be approved by CFO based on recommendation from Head of Department of End Users.

5.7 In an unfortunate instance where any assets have been stolen, allottee/ end user must register an FIR (First Information Report) to Local Police station within 24Hrs. and inform to IT department with a copy of same FIR.

5.7.1 If the loss of asset is within 12 months from the date of procurement of assets, then the value shall be equal to the procurement cost of the assets.

5.7.2 If the loss of Assets is after 12 months of procurement of Assets and before the end of lifecycle of assets, then WDV value will be considered, or min value as mentioned in IT Asset SOP.

5.7.3 In the event of laptop theft, Post Initial investigation by Infra team and if identified for Data Loss, Incident will be reported to Infosec team as Security Incident. Infosec shall identify a device's purpose and criticality of data which is owned by an employee on the reported asset.

NB: Any deviation from 5.7.1 and 5.7.2, has to be approved by CFO based on recommendation from Head of Department of End Users.

5.8 No person other than an employee may have access to the assets, except the support technician and the third-party contractor for the support and maintenance services.

5.9 No employee can use the assets for personal or financial gain purposes.

5.10 Employees are encouraged to handle all assets with care and respect for organization. Mobile devices should be transported or carried in their appropriate carry bags.

5.11 Regular maintenance and cleaning of the assets should be done by Employee that has been issued to him. This should be enforced by the respective Supervisor.

5.12 If there is any evidence of an employee deliberately damaging the assets clause 5.6 of the SOP will be enforced. It is the responsibility of each employee to take care of the assets that have been issued to him or her.

6. REPLACEMENT OF ASSETS

6.1 The general trend in replacing the assets as per IT asset Life Cycle Management SOP.

6.2 The only assets that are dysfunctional will be replaced before their expiry.

7. TRANSFER AND SURRENDER OF ASSETS

7.1 An employee who resigns from the organization or chosen for internal transfer, must hand over the assets to IT Asset Management Team

7.2 Employee shall ensure that he must have received an acknowledgment of receipt on handing over the asset to IT Asset Management Team.

8. GENERAL

8.1. Employees are advised to collect the allocated assets once informed by the IT Asset Management Team.

8.2 Employees are advised to ensure the security of their assigned assets. Special care must be given in the daily use of IT Assets

8.3 Laptop or Desktop must be shut down after the employee has finished work at the close of business hours. This gives the assets a chance to cool down and refresh the memory.

9. Procedure INCEPTION

The content of this procedure will take effect from the date of approval by the executing authority.

10. Procedure REVIEW

Procedure shall be reviewed annually or whenever necessary.
